

**Business Coalition Against HIV & AIDS
General Manager / Executive
Director**

BAHA Fiji aims to:

- achieve 100% awareness of HIV prevention in the private sector workplace;
- provide technical and advisory support for private sector workplace policy development; and
- develop and maintain a training resource for business.

Reporting directly to the Board, BAHA Fiji seeks a General Manager / Executive Director to:

- lead the formal establishment of its office and operations;
- plan, organise and roll out its programs; and
- provide day to day management of the organisation.

This outstanding opportunity will suit a highly skilled individual who is passionate about HIV awareness and prevention. The successful candidate will likely have at least 10 years work experience in a similar role or at an executive level. While experience directly in the HIV and AIDS area is desirable, the Board will consider applications from candidates who have proven their skills in an NGO or business. Tertiary qualifications are essential.

A full job description and further information on the qualities sought can be obtained by calling Sera on +679 331 5555. Applications close 23 October 2009.

BAHA Fiji is a Fiji Australia Business Council initiative in partnership with UNAIDS and with seed funding from the Government of Australia. Digicel is the first Platinum sponsor.
